E- MAIL ADDRESS: _____

Signature_____ Date _____

**Simulator League Policies**

- League fees are $600 per simulator hour for a 12 week season. Leagues may reserve one simulator for multiple hours or both simulators at the same time for one or more hours. The price per player for the league is computed by dividing the number of players by the total simulator fees.

  For example, and 8 player league using one simulator for a 2 hour block would be $150 per player for the season ($600 fee x 2 hours / 8 players). A 12 player league reserving both simulators for 2 hours would be $200 per player for the season ($600 x 4 hours / 12 players)

- Times and Days are available on a first reserved basis, please contact us for requests and availability.
- We recommend a minimum 12-week indoor league season (additional weeks can be added at $50 per simulator hour). Leagues may start whenever you like and end whenever you like with no play the week of Christmas or New Years.
- The reserved time is the only time your league will be allowed to play. Players are not allowed to play earlier in the day or on a different day. All players must arrive at the simulators a minimum of ten minutes before their reserved tee times.

PACE of PLAY:

- Depending on the course, format and putting options 4 players can generally finish 9 holes in 1 hour. You are welcome to stay longer (on a space available basis) at the hourly rate of $40/hr on any given night.
- If the weather is severe and travel is dangerous an additional week can be added to the end of your league schedule.

FOOD & BEVERAGE:

- There will be restaurant and bar service throughout the winter season.
